

Top-of-the-Line POS System for Low Monthly Cost

*No Long-Term Commitments,
Higher Productivity, Always Up-to-Date*

Paying for software upgrades will be a thing of the past. Focus as a Subscription (FAAS) licenses come with lifetime upgrades ensuring you always have access to the most current version. Never worry again about keeping up with software-related EMV mandates and PCI compliance. In addition, having the most current version of Focus means you will always have access to the newest features and integrations.

What's included in Focus as a Subscription?

Focus as a Subscription is a low-risk, flexible solution that includes our core product* with all other modules available for a minimal additional cost. Build your system to meet your business's one-of-a-kind needs. FAAS allows unique and limitless customizations and expansion. As your business develops and grows, so will your point of sale solution.

Add-on modules available for additional fee:

Labor
Scheduling

Hotel
Interface

Customer Service/
Delivery/Loyalty

Alerts

Gift Card

*Hardware, installation, and services not included.

Choosing Focus as a Subscription eliminates risk and maximizes profits by providing a top of the line POS system for a low, predictable monthly cost!
