2nd Generation xCeed® Controller

The xCeed offers enhanced options making it suitable for all kitchens and configurations. QSR's second generation xCeed kitchen controller provides the capability for running graphical displays available with QSR's ConnectSmart Kitchen. It now offers enhanced options like built-in Bluetooth Low Energy (BLE), gigabit Ethernet and increased memory.

FEATURE	SPECIFICATION
Physical	1.75" x 7.25" x 6.88" (H x W x D) Plastic Enclosure
Weight	16 ounces
Power	External Switching Power Supply Input: 100-240VAC, 50-60Hz Output: 9VDC, 1.7A Regulated Power Surge and Overvoltage Protection
Interfaces	1 Locking Power 3 USB 2.0: 1 Rear, 2 Front (switched) 1 HDMI
Bluetooth	BLE for QSR wireless keypad support
Network	10/100/1000 Network port
CPU	Freescale iMx6 Dual Core
Video	Wide Screen, 1080p Rotated Video Support Support ELO Touch and Dell PCAP
Memory	2GB SD-RAM
Storage	Micro SD Flash Memory, 4GB eMMC
Operating Systems	WEC7
Environmental	0° to 60° Celsius CPU and Board Temperature Sensors
Certifications	FCC Part 15, Class A, EN55022 (1944) Class A, CCC (Pending), BSMI (Pending), MIC (Pending), C-Tick (Pending)
Warranty	Limited 1-Year Hardware Warranty
